

## 20260425 On Offering Any Mercy to the Satan

I did. Today, I left off the additional writings on the Flashback to the December 15, 2025 writing of The Faithful Shepherd.

Immediately, this spying demonic presence that attempts to invade every aspect of my daily life continued to very intrusively invade into numerous portions of my morning - inserting itself into moments between myself and my family, into music that I am listening to, and into my actions of simply trying to move about my daily life.

To be clear, the spying presence of criminals that is emanating from inside of the American intelligence agencies is actively attempting to sabotage my life by inserting its agitating presence into (the interior of my home!) each and every moment of life that I live.

So, while I was leaving out a portion of the December 15, 2025 posting as being irrelevant, or not immediately helpful, to today's lessons, this demonic spying presence was forcing its 'voice' of agitation and disruption into my family's otherwise peaceful and happy morning.

(Still to this very moment, as I write this recording, and now a second time as a proofread the document for grammatical and spelling errors, their 'tools' are being used to disrupt us and agitate us - simply for their own sense of 'power' or 'control' over the lives of other people.)

So, instead of offering the satan any mercy whatsoever, I am going to post up the page that I had originally opted to exclude from today's lesson - not as a means of retaliating and seeking revenge for their continuous intrusion, but as a necessary inclusion to help everyone understand what happened to the modern United States military and where we need to be moving our minds to change the path of our combined future.

On Shepherding a Demon:

## **On the Faithful Shepherd and the Bell-Weather: Saving the World from Slavery**

The essential plot is that a group of people that are smarter than our own military have convinced the members of the military to enslave themselves (inextricably intertwine themselves) with evil inclinations and tendencies.

The military was 'tricked' and 'convinced' by the 'serpent' to involve itself (to roll itself, to surround itself, to roll up on itself, to wind itself spirally, and to coil itself) into a 'knot' with improper inclinations that cause itself to be 'enslaved' and unable to leave the influence of their smarter 'slave-holder'.

Now, since the process has taken a deep root in our military's ability to perform its essential duties, the 'enslaved' evil inclinations are attempting to 'capture' members of their own country that they should otherwise be protecting from such an evil set of circumstances.

Unfortunately, while itself being enslaved to its own evil inclinations on behalf of a smarter slave-holder, the enslaved is now attempting to grow its enslaved body to increase its own influence and thereby increase the influence of its smarter slaveholder in the world.

The solution is found in the expanded version of the Faithful Shepherd which is used by this qâbâl (H6951)(From H6950; assemblage (usually concretely): assembly, company, congregation, multitude) or qâhal (H6950)(A primary root; to convoke: assemble (selves) (together), gather (selves)(together)) to justify a reasoning or method to their persecutions.

(This qâbâl has been defined or mentioned elsewhere as a 'conglomerate' of evil people, intentions, forces, etc. that will through out, attack, or cancel, anything or anyone that is not 'going along' with its group-think mentality.)

Now for the expanded version of The Faithful Shepherd:

TLDR (Too Long, Didn't Read?): "Being wise, [the Faithful Shepherd] gave unto the wolf the strongest and stoutest bell-weather' and 'while the wolf was bearing [the bell-weather] away, the shepherd hurried with his sheep to a place of safety, and then returning rescued the bell-weather from the wolf."

Moral Lessons: Be the strongest and stoutest of the flock so that you may be chosen to be the bell-weather, and if you are not chosen to be the bell-weather, then be the Faithful Shepherd so that you can help warn and save those around you so that they do not fall as victims to the evil intentions of the wolf.

**Tucker Carlson** escalated his ongoing feud with President **Donald Trump** in stark terms on Friday, saying he feels sympathy for the president “as I do for all slaves,” according to a report from Newsmax Chief Washington Correspondent **James Rosen**.

“I’ve always liked Trump and still feel sorry for him, as I do for all slaves,” Carlson said, per Rosen, before adding when pressed: “He’s hemmed in by other forces. He can’t make his own decisions. It’s awful to watch.”

[Tucker Carlson](#) has said [Donald Trump](#) is a “slave” to [Israel](#) over his decision to go to war in [Iran](#).

The right-wing podcaster’s comments came as talks between the US and Tehran aimed at ending the conflict broke down without agreement.

Carlson, a former close ally of Trump, said the war was “the single biggest mistake that any American president in my lifetime has made”.

Tucker, unfortunately it’s not just Donald - it’s the entire, whore-fucking, Pentagon. These horny losers have gone and fucked our country into enslavement - strong muscles, and weak minds is the story of the shitty United States mili-turds.

(In order to prevent this post from being recorded, these spies disconnected both my bluetooth keyboard, bluetooth mouse, and then mysteriously shut down the server of the [archive.org](#) website.)(THAT is the United States military stealing the voice and placing a lid over my life, time, resources, and efforts.) (Now they are ‘proudly’ driving cars past my home.)(‘Murica!)
